Alternatives to animal testing are the development and implementation of test methods that avoid the use of live animals.. There is widespread agreement that a reduction in the number of animals used and the refinement of testing to reduce suffering should be important goals for the industries involved. Two major alternatives to in vivo animal testing are in vitro cell culture techniques and ...

Literature is the foundation of life. It places an emphasis on many topics from human tragedies to tales of the ever-popular search for love. While it is physically written in words, these words come alive in the imagination of the mind, and its ability to comprehend the complexity or simplicity of the text. Literature enables...

Some countries/jurisdictions have enacted full or partial bans on the practice of shark finning—slicing off the fins of the shark at sea (often while the shark is still alive) and discarding the carcass. Still other country/jurisdictions have taken the additional step of enacting complete or partial bans on shark fishing (such that, by inclusion, shark finning is also banned). Some airlines ...
