Stage one: Nothing to worry about I first started hearing about the Novel Corona Virus in January 2020. I wasn't too concerned. It was something happening half-way around the world. It seemed far away and I felt immune. After all, it hadn't been too long ago when another corona virus, SARS, had swept through the world, and my corner of the globe had been unaffected. So, it really just felt ...

The formal register is more appropriate for professional writing and letters to a boss or a stranger. The informal register (also called casual or intimate) is conversational and appropriate when writing to friends and people you know very well. The neutral register is non-emotional and sticks to facts. It is most appropriate for technical writings. In articles such as these, we tend to mix ...
