With 4- to 22-station scalability, the ESP-Me helps you better serve your customers. Install the same controller on residential and light commercial sites – the more stations you add, the more you save, providing you and your customers with more value for the money. Best of all, you can upgrade the ESP-Me by simply installing a LNK™ WiFi Module, without having to replace the entire unit.

### ESP-Me Series Controllers | Rain Bird

Remotely manage irrigation systems from your computer or smartphone with Rain Bird's IQ Platform. Save time and water by managing multiple sites and controllers with centralized control system. Get Flow management, reports, multi-user access with IQ, and optional integration with building management or SCADA systems.

With 4 to 22 stations, the ESP-ME3 provides the station count options customers need. Install the same controller on residential and light commercial sites. Add station modules when expanding irrigation without removing or even powering down the controller. Upgrade the ESP-ME3 to a SMART controller with EPA WaterSense certification by adding the LNK WiFi module and a WR2 rain sensor.
