The CISMA staff members are now transcribing these tapes in order to present the local view of development projects. Anyone familiar with Guatemala might be concerned about the political dangers of supporting such a research enterprise at this time. Remember, however, that CISMA is a strictly research organization, not a political one.

CISMA: A Mayan Research Organization | Cultural Survival

El pintor de su deshonra (c. 1645; The Painter of His Own Dishonor) and La cisma de Ingalaterra (c. 1627; "The Schism of England") are masterly examples of this technique, in which poetic imagery, characters, and action are subtly interconnected by dominant symbols that elucidate the significance of the theme.
