1. What is media technology? - MultimediaDreamWiki

Kids take in a huge amount of information from a wide array of sources, far beyond the traditional media (TV, radio, newspapers, and magazines) of most parents' youth. There are text messages, memes, viral videos, social media, video games, advertising, and more. But all media shares one thing: Someone created it. And it was created for a reason.

What is media literacy, and why is it important?

The communication media acts as a channel for linking various computing devices so that they may interact with each other. Contemporary communication media facilitate communication and data exchange among a large number of individuals across long distances via email, teleconferencing, internet forums and many other forms of communication.

What is Communication Media? - Definition from Techopedia

Media buying is taking a commercial, or newspaper ad, or other sales message and getting it viewed by the intended audience. For example, an advertisement for Centrum Silver would not do well in Teen Beat magazine. A media buyer links the ad to the intended audience in order to make the ad effective. These ads are intended to sell a product and may be published on TV, online,

newspapers or magazines. The media buyer negotiates price and placement of the ad for the advertisers.

Media buying - Wikipedia

It also includes text messaging, instant messaging, video, apps, podcasts, electronic billboards, digital television and radio channels, etc. Digital marketing uses multiple channels and technologies that allow an organization to analyze campaigns, content and strategy to understand what's working and what isn't - typically in real time.
